

2017 FIM Motocross World Championship – Access to the track.

The access to the track for media present at FIM Motocross World Championship is restricted.

Therefore:

- A very limited number of media vests/bibs will be available at each event.
- Only selected professional photographers with long time experience in motocross may have access to the track.
- A professional third party liability insurance coverage is required as Youthstream cannot be held liable for their actions.
- The accredited photographers who don't have the vest/bib may take pictures in the venue except in the restricted areas, but they will be able to enter the track only during the podium when no vehicles are running.
- In case of need of some action pictures, the Youthstream Media Department will have the pleasure to take care of such request.
- The access to the track will be confirmed the week before the event.

Thank you in advance for your cooperation

Youthstream Media Department
